

Cancellation Policy

In order to respect your reserved appointment(s) and our daily schedule, our office policy regarding appointments (that have been reserved especially for you) is as follows: anyone who cancels an appointment less than 48 hours in advance, fails to appear, or is more than 30 minutes late will be charged \$75 cancellation fee.

We understand things come up and patients need to reschedule. We only ask that you understand there are many patients to be seen and calling in advance to reschedule will help us reach those patients who would like to be seen.
